Director of Logistics

Location not specified | Compensation not specified | Full-time

The Director of Logistics is responsible for Domestic and International Freight, company-owned and third-party Distribution Centers, as well as Corporate Inventory Control. The role combines hands-on operational leadership with ownership of end-to-end supply chain processes, technology, and performance. This leader partners cross-functionally and cross-regionally to ensure the logistics network delivers on time with industry-leading cost efficiency. Recruiting, training, accountability, and staff development are essential drivers of success. The ideal candidate demonstrates a proven ability to foster a culture of operational excellence and continuous improvement within a fast-paced environment, combining strategic vision with the willingness to dive into the details.

Key Responsibilities – Domestic & International Logistics:

- Lead all domestic and international freight operations, ensuring reliable, on-time, and cost-optimized delivery
- Accountable for freight P&L; performance across all serviced stores and distribution centers
- Manage carrier and forwarder relationships, execute RFPs, negotiate rates, enforce routing guides, and resolve service issues quickly and effectively
- Oversee international container flow, booking management, drayage, port performance, and customs compliance
- Continuously monitor internally managed lanes to ensure industry-leading cost performance by comparing to supplier rates, industry benchmarks, and regular market quotes
- Regularly evaluate vendor-delivered lanes to identify supply chain optimization opportunities and convert to internally managed lanes when cost savings exist
- Lead the development and implementation of systems and technology that enhance efficiency, improve transparency, and support enterprise-wide supply chain excellence
- Promote a culture of continuous improvement by driving robust training, talent development, and meaningful employee engagement
- Collaborate with leadership across the supply chain and across regions to drive performance improvements and share best practices

Key Responsibilities – Distribution Centers and Corporate Inventory Control:

- Responsible for full distribution center P&L; results
- Direct day-to-day performance of company-owned DCs to achieve industry-leading cost efficiency while ensuring safe operations and on-time/in-full delivery
- Oversee third-party DCs, holding 3PL partners accountable through KPIs, operational reviews, and clear performance expectations
- Guide DC leaders and frontline teams to troubleshoot issues, improve processes, and drive consistent high-level execution
- Ensure strong hiring pipelines, training programs, and workforce development to support stable and productive operations
- Minimize shrink by ensuring proper product handling and maintaining high inventory accuracy through rigorous cycle counts, prompt claim resolution, disciplined process adherence, and regular

reconciliation of store and DC inventory

- Lead the development and adoption of systems and technology that enhance efficiency and advance operational capabilities
- Collaborate with leadership across the supply chain and across regions to drive performance improvements and share best practices

Required Minimum Experience:

- Bachelor's degree in Business, Engineering, Supply Chain Management, or related field is required
- 7+ years of progressive logistics or supply chain leadership experience, including direct management of distribution center operations
- Proven success in leading and developing high-performance teams
- Proven success in establishing efficient processes to deliver best-in-class business results
- Proven success in creating a culture of continuous improvement
- Prior experience with food distribution is preferred

HR Generalist

Teaneck, NJ | \$60,000–\$70,000 based on experience | Full-time, Flexible Schedule

Are you a people-focused, detail-driven professional who thrives in a dynamic work environment? We're seeking a motivated Human Resources Generalist in our Teaneck office to support our NJ employees and strengthen our organizational culture. In this role, you'll help shape the employee experience from day one — leading recruitment efforts to attract top talent, guiding new hires through a smooth onboarding process, managing employee benefits with care and accuracy, and supporting a wide range of HR functions that keep our team engaged, informed, and empowered. Position includes a competitive benefits package including a 403B retirement plan with employee contribution, sick and vacation paid time off (PTO), and for full-time employees, health insurance. Eligibility for all benefits is based on hours worked, employment classification, and fulfillment of applicable waiting periods and plan requirements.

Key Responsibilities:

- **Recruitment & Talent Acquisition:** Manage the full-cycle recruiting process, including job postings, sourcing candidates, conducting screening interviews, and follow up with hiring managers
- **Onboarding:** Oversee new-hire onboarding to ensure a smooth and welcoming transition into the organization
- **Benefits Administration:** Assist employees with benefit enrollments, changes, and general inquiries; coordinate with benefit providers as needed
- **NJ Leave & Employment Law:** Serve as a resource on New Jersey leave laws (including FMLA, NJFLA, and state disability) and ensure compliance with state and federal employment regulations
- **General HR Support:** Maintain employee files, support HR projects, and provide guidance to employees and managers on routine HR matters

Qualifications:

- Minimum of 3 years of HR experience required
- Comfortable working with ATS & HRIS systems
- Knowledge of New Jersey leave laws and General Employment Law
- Strong interpersonal and communication skills
- Ability to handle confidential information with discretion
- Organized, detail-focused, and able to manage multiple priorities
